

YOUR 14-DAY PILOT

Your agent is live. Here's what to expect.

Your AI voice agent is now answering every call.

This is what happens over the next 14 days.

1

TODAY

Your agent goes live

Every inbound call is answered. Bookings go straight into your calendar. No action needed.

7

DAY 7

Your mid-trial check-in

I'll show you calls answered, bookings taken, and what that's worth in revenue recovered.

12

DAY 12

Your results summary

Full pilot report with your data — calls handled, bookings captured, revenue recovered.

WHAT GOOD LOOKS LIKE

- Bookings appearing in your calendar automatically
- Calls answered during service without disrupting your team
- Revenue you were previously missing starting to show up

Any questions during the pilot — I'm one message away.

Track these numbers over the next 14 days.

CALLS ANSWERED

Total calls handled by your agent

BOOKINGS TAKEN

Reservations captured automatically

REVENUE RECOVERED

£ _____

Bookings x avg table value

STAFF TIME SAVED

_____ hrs

Calls handled without your team

I'll have your actual numbers ready for our Day 7 check-in.

YOUR DAY 7 CHECK-IN

- ☐ **Review calls handled so far**
Listen to transcripts, check the quality
- ☐ **Confirm bookings in your calendar**
Every reservation should be there automatically
- ☐ **Calculate revenue recovered**
We'll do this together on the call
- ☐ **Agree the right plan for your volume**
Based on your actual call data, not a guess

PLANS — BASED ON YOUR VOLUME

Starter

£89

100 mins/mo

Core

£149

250 mins/mo

Growth

£249

500 mins/mo

Pro

£349

800 mins/mo

We'll recommend the right plan based on your actual usage — not the most expensive one.
